Subject : Request for Attendance Consideration for Participation in University Events

Description : I would like to bring to your notice that I have actively participated in two official university events this month:
1. “PATH 2 PLACEMENT” Inter-Departmental Technical Competition held on 14th November 2025, organized by the Directorate of Student Affairs and the Coding & Web Application Club of GM University. The competition involved multiple rounds including an aptitude assessment, debate/group discussion, and an interview round, all of which required my full-day participation.
2. “IDEA-DUALEXPRESS” Ideathon conducted by the IEEE branch of GM University on 24th November, which also required my complete involvement throughout the day.
Due to my participation in these official events, I was unable to attend the scheduled classes (SCCF, FSD, and DL) on those days. I kindly request you to consider granting attendance for these sessions, as I was representing the university in both events.
